A NOTE FROM THE PRESIDENT

Dear Members,

I am honored and pleased to serve as the new president of INHAA. I look forward to working with you to grow INHAA and continue our mission of improving the industry through education and outreach. As all of you know, the population of LTC facilities has changed – becoming more diverse and clinically complex. As a result of these changes, CMS has recognized the need to revise the Requirements of Participation. The RoPs, a new survey process and new Emergency Preparedness Requirements will no doubt prove challenging for us during the next few years.

Please feel free to contact me with your ideas, questions, suggestions for speakers, feedback on our recent convention, or anything else you would like to share. The strength of our organization stems from our members' unparalleled knowledge and experience in the industry and your never-ending commitment to your residents.

Thank you very much. Again, I'm thrilled to serve as INHAA president, and I am eager to accomplish great things with you in the coming years

Tammy Becker

Lastly, in August two names will be drawn to receive a free voucher to attend our annual convention in November of 2018. The vouchers are non-transferrable and prior registration will be required to ensure that we are able to plan accordingly to meet the needs of all the members attending the seminars.
